Tplus Skin Care For All Skin Types

About Us

Founded by internationally-recognized dermatologist, Dr. Jason K. Rivers, and run locally in British Columbia, Canada, RIVERSOL skin care products address the needs of the urban, cutting edge customer by delivering superior quality and beneficial effects. In 1999, after having practiced medicine for almost 20 years, Dr. Rivers realized that many of his patients were confused about the ingredients and effectiveness of products available in the rapidly expanding skin care market. People said they wanted products that were well tolerated, even for the most sensitive skin. They continuously asked what they should be using on their skin, but Dr. Rivers never felt completely comfortable in recommending one specific product.

As a result, Dr. Rivers began to explore the medical literature in search of a combination of ingredients that would provide an effective skin moisturizing system with potent anti-oxidants. At the same time, he required ingredients that would minimize irritation to the skin and reduce the risk of allergic reactions.

Riversol Tplus represents the dermatologist - developed skin care line that specializes in hypoallergenic, fragrance free and anti - oxidant rich products. Tplus products are designed to be non - irritating. Not tested on animals.

THIS IS WHERE THE KEY TO FINDING A SIMPLIFIED SKIN CARE REGIME COMES IN....

RIVERSOL

What makes our products unique?

Dr. Rivers has seen the long term beneficial effects of consistently using anti - oxidants on the skin. They help to repair sun and environmental damage, giving the user a firmer skin with better clarity. This produces a younger looking and feeling skin. Dr. Rivers became interested in the powerful anti - oxidant Hinokitiol also known as beta - thujaplicin. This natural extract of the Pacific Red Cedar tree is known for its healing properties.

Dr. Rivers wanted to incorporate Hinokitiol into gentle, non - irritating formulas so people could enjoy the benefits of this powerful anti - oxidant.

Serum

Tplus Protective Serum
Vitamin C Phosphate 0.1% + Vitamin E Phosphate 1%

Tplus Protective Serum contains a combination of anti-oxidants including 0.1% Vitamin C Phosphate and 1% Vitamin E Phosphate. This high combination of anti-oxidants stimulates collagen formation and assists in the prevention of premature aging of the skin. Perfect for day and night, this concentrated anti-oxidant facial serum will energize your complexion and assist in improving the tone and texture. It is well tolerated by all skin types.

Skin Care Basics *Tplus* Dermatologist - Developed

The “T” Stands for thujaplicin (pronounced thoo-ya-ply-sin), a powerful anti-oxidant and natural extract of the red cedar tree - a key ingredient in all *Tplus* products. *Tplus* products will moisten and hydrate your skin, while helping to reduce the appearance of fine lines and wrinkles. Can be used alone or under sunscreen. *Tplus* products are formulated and enriched with Vitamin C and Vitamin E. *Tplus* products are recommended by physicians for everyday use in conjunction with laser treatments, peels, injectables and cosmetic surgery.

Cleanse *Tplus* Daily Cream Cleanser & Daily Foaming Gel Cleanser

Tplus Daily Cream Cleanser & *Tplus* Foaming Gel Cleanser are formulated for the cleansing needs of all skin types, and leave skin soothed and hydrated. *Tplus* Daily Cream Cleanser is beneficial for normal to dry and sensitive skin. *Tplus* Foaming Gel Cleanser is beneficial for normal to oily and problem skin.

Revitalize *Tplus* Eye Cream

Tplus Revitalizing Eye Cream will moisten and hydrate the eye area, while helping to reduce the appearance of fine lines and wrinkles. For all skin types.

Moisturize *Tplus* Lotion, *T Plus* Daily Moisturizing Cream & *Tplus* Daily Moisturizing Concentrate

- *Tplus* daily Moisturizing Lotion, Creams and Concentrate will moisten and hydrate your skin, while helping to reduce the appearance of fine lines and wrinkles.
- *Tplus* Daily Moisturizing Lotion is beneficial for normal to oily skin
- *Tplus* Daily Moisturizing Cream is beneficial for normal to dry skin
- *Tplus* Daily Moisturizing Concentrate is beneficial for normal to very dry skin.

Riversol Product Ingredient List And Their Role In The Formulations

On November 16, 2006, new Health Canada regulations regarding cosmetics' labelling came into force. Canada joins the USA and the EU in listing the ingredients of all cosmetics sold in Canada using the INCI system (International Nomenclature for Cosmetic Ingredients).

This system provides uniform and consistent information to be delivered to both health professionals and the public - regardless of language. It is a multi-national, technical text that is based on the Latin language.

The benefit of this labeling is to allow the Canadian public to avoid cosmetic products containing ingredients to which they may have sensitivities. If a reaction should occur, health professionals will have ready access to the names of ingredients in the product allowing them to provide effective medical care.

- *Tplus* products fully conform to these regulations.
- All *Tplus* Products have been prepared with a focus on maximizing cosmetic effectiveness while minimizing irritancy and potential allergic reactions. We have avoided the use of perfumes and fragrances, along with other known allergens such as formaldehyde and formaldehyde-releasing agents.

Ingredients (by their INCI names) in the Riversol *Tplus* line:

Rinse Off Lotion Cleanser: Water, Mineral Oil, Propylene Glycol, Stearic Acid, Glyceryl Stearate, PEG-1 Stearate, Cetearyl Alcohol, Polysorbate 60, Polysorbate 80, Hinokitiol (Beta-Thujaplicin), Allantoin, Xanthan Gum, PVM/MA Decadiene Cross-Polymer, Benzophenone-4, Specially Denatured Alcohol, Phenoxyethanol, Methylparaben, Isopropylparaben, Isobutylparaben, Butylparaben, Sodium Hydroxide.

Foaming Gel Cleanser: Water, Propylene Glycol, Sodium C 14-16 Olefin Sulfonate, Cocamidopropyl Betaine, Hinokitiol (Beta-Thujaplicin), Allantoin, Hydroxyethylcellulose, PVM/MA Decadiene Cross-Polymer, Xanthan Gum, Benzophenone-4, Specially Denatured Alcohol, Phenoxyethanol, Methylparaben, Isopropylparaben, Isobutylparaben, Butylparaben, Sodium Hydroxide.

Tplus Lotion: Water, Propylene Glycol, Cetearyl Alcohol, Polysorbate 60, Mineral Oil, Hinokitiol (Beta-Thujaplicin), Tocopheryl Acetate, L-Ascorbic Acid, Disodium Lauriminopropionate Tocopheryl Phosphates, Propylene Glycol Alginate (from sea kelp), Titanium Dioxide, Xanthan Gum, Specially Denatured Alcohol, Phenoxyethanol, Methylparaben, Isopropylparaben, Isobutylparaben, Butylparaben, Tetrasodium EDTA.

Tplus Cream And Concentrate Cream: Water, Mineral Oil, Propylene Glycol, Petrolatum, Cetearyl Alcohol, Polysorbate 60, Hinokitiol(Beta-Thujaplicin), Tocopheryl Acetate, L-Ascorbic Acid, Disodium Lauriminodipropionate Tocopheryl Phosphates, Propylene Glycol Alginate (from sea kelp), Titanium Dioxide, Xanthan Gum, Specially Denatured Alcohol, Phenoxyethanol, Methylparaben, Isopropylparaben, Isobutyl paraben, Butylparaben, Tetrasodium EDTA.

Tplus Eye Cream: Water, Mineral Oil, Propylene Glycol, Petrolatum, Cetearyl Alcohol, Polysorbate 60, Cyclomethicone, Dimethiconol, Hinokitiol (Beta-Thujaplicin), Tocopheryl Acetate, L-Ascorbic Acid, Disodium Lauriminodipropionate Tocopheryl Phosphates, Glycerin, Butylene Glycol, Palmitoyl Pentapeptide-4, Hesperidine Methyl Chalcone, Dipeptide-2, Hydroxysuccinimide, Chrysin, Palmitoyl Oligopeptide, Carbomer, Polysorbate 20, Steareth-20, Propylene Glycol Alginate (from sea kelp), Titanium Dioxide, Xanthan Gum, Specially Denatured Alcohol, Phenoxyethanol, Methylparaben, Isopropyl paraben, Isobutylparaben, Butylparaben, Tetrasodium EDTA.

Tplus Protective Serum: Aqua/Water, Propylene Glycol, Hinokito(Beta-Thujaplicince), Disodium Lauriminodipropionate Tocopheryl Phosphates, Aminopropyl Ascorbyl Phosphate, Propylene Glycol Alginate, Xanthan Gum, PVM/MA Decadiene Crosspolymer, Specially Denatured Alcohol, Phenoxyethanol, Methylparaben, Isopropylparaben, Isobutylparaben, Butylparaben, Sodium Hydroxide, Terasodium EDTA, Benzophenone-4.
